

Who does not want to get more for their money?

Our standard investment rate is \$6,000 for one day.

That \$6,000 buys you any combination of the **Culture of Engagement = Success** programs ([view](#)) as suits your conference needs. Plus, and you can receive as many of these add-ons as your conference schedule permits:

- A combination of **keynote** and one or two **breakout sessions** on the same day. [Check](#) the **Culture of Engagement = Success** programs; you'll see they offer plenty of specific modules. We can construct unique breakout sessions from these modules to complement Tim's **keynote**.
- A professionalized **presentation skills workshop** (90 minutes) to enhance your board members', officers', and/or staff's presentation and communication styles.
- Up to four 30-minute **coaching sessions** for conference attendees. This coaching focuses on employee engagement and the attendee's desired application. Offering these coaching slots is either a great fund-raiser or a series of raffle prizes for attendees.
- **Facilitating or emceeing** special parts of your conference: banquet, executive panel, reception, etc.
- 45-minute **teleconference or webinar** on relevant applications of employee engagement for your membership within 6 months after your conference. (A great fund-raiser for your association).

Investment \$6,000/day

It's like when you buy the larger jar of jelly, you pay less per ounce.

When you engage Tim for the full investment amount, it's like you get more jelly... plus Tim throws in the bread, the peanut butter and a paper towel!

Here's an added note to keep in mind:

Tim makes available two sub-investment engagements per month. The sub-investment amount is negotiated. The above added values are not offered. Tim holds the number to two sub-investment engagements per month.

Contact **Tim** directly at 512-394-8779 or 512-632-3698 or tim@wrightresults.com.
